

Fly Away

作詞・作曲 岡 秀年

Sometimes I feel like I wanna die.
Losing everything on my way.
Sometimes I feel like I wanna disappear.
God gave us no meanings, meanings, no meanings...

I heard someone wisphered in my head.
I heard someone wisphered in my head.

You are the hope of somebody.
You're the child of someone.
Someday everything gonna fly away, fly away, fly away.

We can leave our sprits here.
To tell our future we were here.
Someday everything gonna fly away, fly away, fly away.

Sometimes I feel like I wanna die.
Losing love and people in my life.
Sometimes I feel like I wanna cry.
This world is full of anger, sadness, and pain.

I heard someone wisphered in my head.
I heard someone wisphered in my head.

You are the hope of somebody.
You're the child of someone.
Someday everything gonna fly away, fly away, fly away.

We can leave our sprits here.
To tell our future we were here.
Someday everything gonna fly away, fly away, fly away.
But, it's all right...
